PROJECTS

Varnda

Varnda Real Estate Marketing

The project was created using the react and bootstrap frameworks and contains pages to publish your property, browse other real estate ads, articles about real estate, and a dashboard to manage the entire site.

Jul 2024 – Sep 2024

English platform

Platform home page

An informative website showcasing the platform's services, featuring a promo video, dark mode, FAQs, and smooth animations. Built with React and Framer motion.

Oct 2024 – Oct 2024

Graduation project

A comprehensive gym management website featuring a dynamic home page, a registration page for training plans, and a robust admin dashboard to monitor subscribers' progress and manage their training schedules. The platform is enhanced with a chatbot for instant assistance and improved user engagement.
